Subject Index

Access
  ethnicity and, 543, 1065
  interracial, to cardiac surgery, 430
  monitoring changes in among NYC elderly, 287
  to outpatient services for Medicaid patients, 964
  to U.S. or Mexican health system, 419
  of uninsured patients, 502
Acquired immunodeficiency syndrome (AIDS)
  experiences and attitudes of family physicians on, 1051
  health status questionnaire for, 786
  HIV testing for in asymptomatic patients, 87
  oral infections with, 745
  perceived need for dental care in patients with, 745
  related educational needs for U.S. and foreign medical school graduates, 926
Acute episodic care, quality of in investor-owned ambulatory health centers, 72
Admissions
  appropriateness of in coronary care unit, 610
  multiple, 578
  nursing-home predicting, 125
  standardization of for short-term hospital stays, 97
  to VA medical centers, AS40, AS64
Adolescents, community-based prenatal care for, 531
Adult Day Health Care study, 115
Affective disorders, Computerized Psychiatric Severity Index data for, 191
Age, and risk of patient mortality, 1108
Aged. *See* Elderly
Alcohol counseling, in general medicine clinic, JS49
Ambulance
  transportation, use of by elderly, 408
Ambulatory care
  case-mix of, population-oriented measure of, 452
  quality of in investor-owned health centers, 72
Ambulatory Care Group (ACG) system, 453
Ancillary services, criteria for ordering of, 853
Anesthesiologists, manpower forecasts for, 628
Appropriateness Evaluation Protocol
  application of to acute admissions in VA medical centers, AS64
  elective surgery admission criteria of, AS73
  feedback role in, AS91
  medical-surgical admission criteria of, AS72
  reasons list of, AS76
Arterial blood gases, criteria for ordering of, 853
Arthritis, work behavior after onset of, 362
Assessment, of health care system, 521
At-risk behaviors, for HIV infection, 399
Attending staff service, controlled trial of in general internal medicine, JS31
Birth outcomes, impact of mandatory Medicaid case management program on, 64
Board-certification status, and physician referrals, 1017
Breast cancer
  estimating treatment costs of, 40
  incidence and treatment of, 1243
  interval adherence to mammography screening guidelines for, 697
  patient management guidelines for, 50
  physician awareness of guidelines for, 62
  physician-patient communication and mammography utilization for detecting, 1065
  screening for in women from 50 to 75 years old, 243
Cancer. *See also specific types*
  behavioral interventions to increase adherence in screening for, 1039
  death from, 841
  differences in rates of screening for by usual source of medical care, 196
  estimating treatment costs of in breast and lung, 40
  estimation of incidence and resection rates for among elderly, 1243
  interval adherence to mammography screening guidelines for, 697
  screening for in women from 50 to 75 years old, 243
  treatment of, 1243
  guidelines for, 50
Capitation, rates of and case-mix measurement, 453
Cardiac arrest, survival from out-of- hospital, 104
Cardiac ischemia, acute, time- insensitive predictive instrument for, 610
Cardiac surgery, interracial access to, 430
Cardiopulmonary resuscitation, for cardiac arrest, survival rates with, 104
Care evaluation, 853
Caregivers, for terminal cancer patients, 841
Care seeking, for musculoskeletal and respiratory episodes, 1130
Case-mix, population-oriented measure of, 452
Certified registered nurse anesthetists (CRNAs), manpower forecasts for, 628
CHAMPUS
  reimbursement system, 565
Chest x-ray, criteria for ordering of, 853
Children
  cost-sharing versus free care for, 890
  low income, emergency room use by, 283
  parents' satisfaction with health care and physicians' communication, 1146
Chronic illness, and OARS physical health measures, 332

Claims data
in estimating cancer incidence and resection rates, 1243
on mental health and selection of preferred providers, 911
Classification systems, prototype for identifying and correcting sources of measurement error in, 521
Clinical community, JS41
Clinical decisionmaking aids for in acute cardiac ischemia, 610
impact of economic considerations on, 899
Clinical practice guidelines, JS9
Clinical research, and practice randomization, JS57
Clinical trials, JS9
Cohort study, of health care utilization by elderly, 221
Colon cancer, incidence and treatment of, 1243
Colorectal cancer
behavioral interventions to increase adherence in screening for, 1039
improving effectiveness of screening for, 1
patient management guidelines for, 50
physician awareness of guidelines for, 63
Community-based prenatal care, process, costs, and outcomes of, 531
Community hospitals, variation in ICU practices in, 1161
Competition, and physician referrals, 1017
Complete blood counts, criteria for ordering of, 853
Compliance
with management guidelines for cancer patients, 50
strategies for improving in Soweto hypertensives, 669
Computerized Patient Information System (CPIS), for psychiatric records, 1057
Computerized Psychiatric Severity Index (CPSI), as predictor of inpatient length of stay for psychoses, 179
Computerized Severity Index, and relationship between severity of illness and hospital length of stay and mortality, 305
Computer simulation, for cost- effectiveness of detecting diabetic retinopathy, 20
Consumer Price Index, 690
Continuous Medicare History Sample File (CMHSF), in estimating treatment costs of breast and lung cancer, 40
Contracts, between public agencies and private psychiatric inpatient facilities, 766
Controlled trials, JS57
Convenience, in selecting alternative drug therapies, 152
Coronary artery bypass surgery, mortality rate and surgical volume, 1094
Coronary artery disease, and interracial access to cardiac surgery for, 430
Coronary care unit, tool for judging admission appropriateness for, 610
Cost containment
and evaluation of PPO performance, 142
for psychiatric and substance abuse hospitalization, AS77
and growth in outpatient expenditures, 442
Cost-effectiveness analysis
for detecting diabetic retinopathy, 20
of obstetric services, 951
Costs. *See also* Economics
of alternative drug therapies, 152
of community-based prenatal care for adolescents, 531
of cystic fibrosis screening, 473
hospitalization, MedisGroups scores as predictors of, 210
impact of on thrombolytic therapy, 899
of inpatient substance abuse services, 565
rate of inflation of, 690
for treatment of breast and lung cancer, 40
willingness-to-pay, as measure of benefits, 1205
Cost-sharing, versus free care in children, 890
Criteria development, for ancillary services, 853
Cystic fibrosis, costs and benefits of prenatal screening for, 473
Deafness, and health services utilization, 878
Death. *See* Mortality
Decisionmaking
about health care programs, 1205
for acute cardiac ischemia and coronary care unit admissions, 610
impact of economic considerations on, 899
in selecting alternative drug therapies, 152
Defibrillation, in cardiac arrest, survival rates with, 104
Dental care, perceived need for among persons with AIDS, 745
Dental student recruitment, 728
Dentists, measurement of job satisfaction among, 728
Diabetic retinopathy, cost-effectiveness of detection strategies for, 20
Diagnosis, and risk of patient mortality, 1108
Diagnostic-related groups (DRGs)
financial impact of, 565
and prediction of hospitalization charges, 210
use of to pay for inpatient substance abuse services, 565
Doctor-patient relations, sex differences in, 1083. *See also* Physician-patient communication
Drug abuse. *See* Substance abuse
Drug-related problems, among elderly, 989
Drugs
adverse effects of and need for information, 558
alternative therapies with, 152
Duke Health Profile, comparison of with MOS short-form in health young adults, 679
Duration analysis, predicting nursing-home admission and length of stay, 125
Economics. *See also* Costs
determining annual hours worked by registered nurses, 1190
impact of on clinical decisionmaking, 899
and work behavior after onset of arthritis, 362
Educational intervention, impact of on care of cancer patients, 50
Elderly
drug-related hospital readmissions of, 989
emergency service use by, 408
estimation of cancer incidence and resection rates for among, 1243
functional status of following a fall, 221
monitoring changes in hospital utilization among in New York City, 287
panel study of life stress, social support, and health services utilization by, 348
structure of self-reported physical health among in U.S. and Japan, 1170
Electrocardiograms, criteria for ordering of, 853

Emergency medical care, survival with for cardiac arrest, 104
Emergency room care
appropriateness of care in, 610
use of by low income children with regular health care source, 283
utilization of by elderly, 408
Employees survey, on mental health and selection of preferred providers, 911
Employment status and health insurance status among young adults, 6
and onset of arthritis, 362
Ethics, of ongoing randomization trials, JS41
Ethnicity
determinants of regular health care source and, 543
and utilization of mammography, 1065
Expenditure data, in evaluating PPO performance, 142
Faculty performance, and rating of health care journals, 755
Falls, in elderly, 221
Family, place of death in, 841
Family physicians, experiences and attitudes of on HIV, 1051
Fecal occult blood testing (FOBT)
behavioral interventions to increase adherence in, 1039
for colorectal cancer, 1
Feedback, role of in reducing medically unnecessry hospital use, AS91
Financing, and case-mix, 452
Foreign Medical Graduate Examination in Medical Sciences (FMGEMS), 229
pass rate analysis for, 229
Functional health status and health care
utilization by elderly following fall, 221
and HMO selection bias, 318
limitations of and OARS physical health measures, 332
in myocardial infarction survivors, 1153
after onset of arthritis, 362
Functional Status Questionnaire, 169
Gene probes, in cystic fibrosis screening, 473
General Health Questionnaire (GHQ-30), accuracy of, 169
General medicine clinic, alcohol counseling in, JS49
General medicine practice, randomized controlled trial of, JS57
Genetic screening, for cystic fibrosis, 473
Geographic wards, JS65
.Graduate medical education, for foreign medical students, pass rates for, 229
Group practice, research on, JS9
Guidelines approach, for cancer patient management in Italy, 50
Hazard models, variables used in, 375
Health
measurement of, 679
OARS measures of, 332
poor, work behavior and, 362
self-rated, 332
Health care
access to, monitoring changes among NYC elderly, 287. *See also* Access
appropriateness of, 610, AS91
controlling variation in, 1228
cost-sharing versus free for children, 890
criteria for, 853
determinants of regular source of in ethnic populations, 543
inappropriate, AS77
levels of, 521
patient involvement in, 297
uncompensated, 654
urban, and substance abuse populations, 1004
use of by low income children, 283
usual source of, rates of cancer screening by, 196
utilization of on Mexican border, 419
Health care administration journals, rating of, 755
Health care delivery
contributions of health firms in, JS3
and rate of cancer screening, 196
Health care providers. *See also* Nurses; Physicians
mental health and selection of, 911
supply forecasts for, 628
